Furniture Modern and Antique

The market generally offers all kinds of Furniture—some good, some bad, and unfortunately, much that is indifferent.

The standard we have set for ourselves embraces the artistic spirit of the old masters, as well as the dependability of the article. Haste, with its attendant vice of carelessness, is never permitted to lower our standard of quality.

If you have not yet visited our Furniture Division, you will be agreeably surprised to find that this highly desirable Furniture, priced originally on a fair and reasonable basis, is doubly attractive at the special sale prices now prevailing.

Hand-Blocked Linens and Cretonnes

IN 50-INCH WIDTH

We offer some 50 patterns and colorings of these very desirable fabrics in a range of exclusive designs, made especially for ourselves, many at prices lower than we have ever sold them, even in pre-war days. We believe that this is the most important offering of its kind ever placed before the public.

The Advantages of Hand-Block Printing Are:

The artistic and attractive appearance, due to the fascinating irregularities of hand work as against the monotonous sameness of a machine. The greater artistic expression due to lack of limitation as to number of colors employed and length of patterns. Machine-printed patterns are usually limited to only 12 colors and 20 inches in length of pattern. Better penetration of color into the fabric resulting in greater permanence of color.

No Samples Can Be Sent on Approval. Bring Your Own Measurements.
